**CC:** Don Duckworth <duckworth.donald@gmail.com>, Debbie DynerHarris <debbie.dynerharris@lacity.org>

Hi Tricia

Don (the E.D. of the Westchester BID on Sepulveda) and I have been trying to figure out a problem for quite some time:

1) There is a van shuttle company on Sepulveda Eastway (Don has the exact address) that park their fleet on the public streets taking up almost every inch of public parking. I've tried the DOT parking enforcement route, but it's 4 hour parking and they are smart enough to avoid tickets. Could this be some sort of CUP or Zoning violation?

2) The BID wants to create an outdoor seating area and Don wants to talk about what it will take to let that happen. I recall reading something in the paper recently that the City started a pilot project (maybe Silver Lake?) to make it easier for restaurants to have outdoor dining.

We could either meet in person or probably knock this out on the phone...whatever works best for you.

Thanks,

-Nate
